International Buddy-Programm

You stepped out of your comfort zone

Welcome to the HFR

Welcome to Rottenburg

Make yourself at home

Welcome

International Office (HFR)

By HFR students for students from everywhere!

WHAT'S THE „International BUDDY Program“?

The program helps to foster a welcoming atmosphere at HFR. We would like to help you get started at the HFR and in the region in and around Rottenburg.

Therefore we are hiring HFR student assistants who will be able to help you to a certain extent. These are usually students who have already spent time abroad as part of their studies.

ADVANTAGES FOR YOU:

- Getting to know contact persons familiar with the HFR.
- Getting Start-up assistance -upon arrival in Rottenburg and during the first two weeks of your studies.
- Getting support within everyday life in Germany and on the Schadenweilerhof campus.
- Getting easier access to university student groups, easier organise of leisure activities and connect with other students.
- You can get to know other international students more easily.

ORGANISATION

You'll participate in different activities that are organized by the HFR buddies (3 - 5 activities during the semester), which could be visits to sight seeing spots in the region, typical christmas bakery, hiking etc.

If you would like to participate in the International Buddy-Programme, the HFR Buddies will contact you before the start of the semester.

To know more about, please let us know.
