Composition of the work during the integrated external practical semester in

..... days in

..... weeks.

Endorsement of the training institute:

Training institute:

--

--

(Training representative)

--

(Date; Signature of the training representa-
tive)

Note concerning the activity report:

- The activity report will
 - be done by the student,
 - be given to the training representative on a monthly basis and endorsed, and
 - be compiled by the student on the front page at the end of the integrated external practical semester, signed by the training representative and as such given to the university.
- The training representative shall use the guidelines of the activity report as reference for his / her training concept and to ensure the content is conveyed in the required depth.
- The student shall use the activity report to stimulate daily analysis of the newly acquired knowledge and to seize his / her own learning initiative in respect to independence and deepening of his / her practical experience according to the formulated training goals.
- For some activities that are repetitive over several days, the activity report may logically be summarized but on a maximum weekly basis.
